ZERO B SOFTENIZER AUTOMATIC WATER CONDITIONER

MODEL 3AS / MODEL 6AS

e ION EXCHANGE
Refreshing the Planet

We at Zero B always try to develop the products as per customer needs. In continuation with the same, we are pleased to introduce Zero B Auto Soft Automatic Water Conditioner range

This state of the art, breakthrough product has following features:

- Proprietary purple soft food grade resin
- Unique digital display
- Automatic multiport valve

We are sure that installing Zero B Auto Soft at your place will surely bring the great experience while experiencing the water..

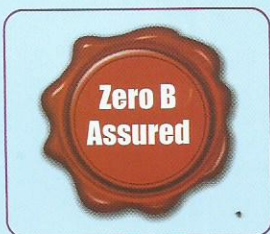

ZERO B Purple Soft

Food Grade Resin

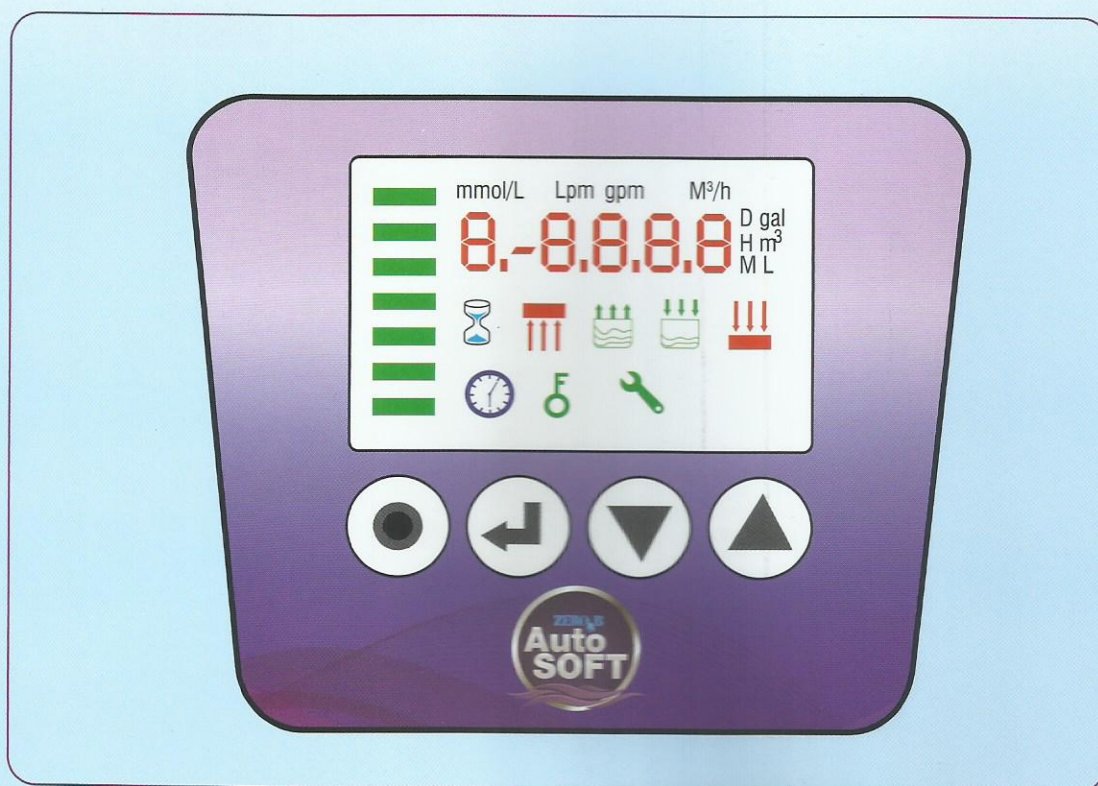

Auto Soft comes with unique purple soft resin media with the following features:

- Revolutionary FOOD GRADE RESIN which does not leach out harmful chemicals, hence useful for utensils cleaning
- Unique purple colour differentiates itself from locally available industrial or recycled resin that is ideally not suitable for residential purposes

Developed and manufactured by ION EXCHANGE INDIA, the most trusted water treatment solution provider

The Unique Display Screen

Unique Display Communicates the Working Status of the Softener

- Child lock for eliminating the chances of disturbance in the set programme, normally caused due to any human interference
- Option for manual regeneration in case of change in routine priorities

- Highlights the symbol for the present status in service mode

- Displays present service flow rate in m³/h

- Displays the preset regeneration time

- Displays remaining capacity of water that will be softened till next regeneration in m³

- Feather touch keys

- Displays the present clock

- Display status of the regeneration process along with remaining time

State of The Art Automated Multi Port Valve

- Eliminates the human involvement during regeneration process, in turn saves man hours or eliminates any possibility of human errors
- In case of power failure, it restarts regeneration process from where it had stopped, thus eliminating the need for human intervention

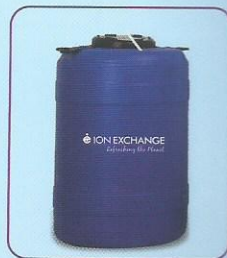

- Additional auto linked power pump is provided which not only helps power saving during regeneration but also eliminates the back pressure on the main pump

Other Features

Elegant styled vessel body whose shell is made of food grade material

Corrosion proof salt tank for longer life

Distinctive Benefits of Zero B Softener

Prevents fabrics from losing their natural look and feel

Reduces consumption of soap and shampoo

Reduces cooking time, consumption of gas

Removes suspended solids

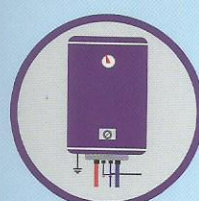

Increases life span of kitchen appliances

Increases life span of expensive bathroom fittings

Reduces hair loss

Increases the life span of appliances

Comparison Between Hard Water, Other Softeners & Auto Soft
